

## **Indoor Air Quality Report Assembly Bill 1173 (Keeley, 2002)**

**Dorothy Shimer  
April 4, 2003**

**California Environmental Protection Agency  
Air Resources Board**

---

---

---

---

---

---

---

### **Overview**

- **Requirements of AB 1173**
- **Report content**
- **Schedule**
- **Report outline**
- **Opportunity for public participation**

---

---

---

---

---

---

---

### **Requirements of AB 1173**

- **Prepare comprehensive report on indoor air pollution**
- **Consult with other state agencies and stakeholders**
- **Address topics specified in bill**
- **Submit for external scientific peer review**
- **Present to Air Resources Board**
- **Deliver to Legislature**

---

---

---

---

---

---

---

### Report Content

- Best scientific information available on indoor pollutants
- Potential adverse health effects
- Indoor sources of pollutants
- Summary of work performed by other agencies related to biological and radiological substances

---

---

---

---

---

---

---

### Report Content (continued)

- Effects of existing regulations and current industry practices
- Options for reducing exposures in schools, homes, and non-industrial workplaces
- Options for schools to improve indoor air quality

---

---

---

---

---

---

---

### Schedule

April 2003	Initial workshop for stakeholders
Spring 2003	Coordinate with State agencies
Oct. 2003	Scientific peer review; public review and comment
Nov. 2003	Workshops to receive comments from stakeholders
Dec. 2003	Revised report to Board

---

---

---

---

---

---

---

## Public Participation
